Agricultural Conservation Program Service 267, 278
  Allotment procedure 283
  Authorization, increase in 1957 285
  Changes in program 276, 279
  Drainage program 286
  Language, proposed changes 269, 277
  Snake River Valley 274
  Technical services by Soil Conservation Service 277
Agricultural Marketing Service 397
  Defense mobilization functions 428
  Marketing research and service 397
    Crop and livestock estimates 422
    Grain Standards Act 427
    Marketing costs and margins 418
    Marketing research 145, 417
    Market news service 423
      Federal contributions 425
      Livestock 446, 424
      Pecans 423
    Packers and Stockyards Act 427
    Tobacco inspection 428
  Payments to States 411, 429
  Removal of surplus agricultural commodities (sec. 32) 413, 430
    Surplus commodities:
      Domestic distribution 435
      Foreign distribution of 430
  School lunch program 412, 437, 450, 763, 827
    State contributions 439
    Surplus commodity donations 468
Agricultural Research Service 10, 594, 756
  Food consumption per capita 71, 442
  Foot-and-mouth and other contagious diseases of animals and poultry 150
    Budget estimates 153, 160
    Foot-and-mouth disease in Europe 161
    Research laboratory, Plum Island 152, 604
    Vesicular exanthema of swine 151
  Laboratory facilities, animal disease 594, 599, 849
    Cost and location 605
    Design of proposed laboratory 609
  National Arboretum 675
  Payments to States (*see also* 65, 496, 498, 500) 129
    Distribution of grant funds 149, 137
    North-central experiment stations directors, resolutions of 67
    Ratio of Federal to State aid 67, 75
    State level planning process 136
  Personnel, availability of 147
  Plant and animal disease and pest control:
    Gypsy moth control 128, 479, 594, 681, 821
    Khapra beetle control 89
    Mediterranean fruitfly 620, 650, 651, 656
    Pink bollworm control 88, 90
  Regulatory activities 66
    Animal quarantine 112
    Meat inspection 113
    Plant quarantine 105, 111
      Baggage inspection, need for strengthening 108, 654
      Bureau of Customs, agricultural inspections by 105

Agriculture Research Service—Continued
Research: Page
Agricultural engineering research 95, 145
Aid to low-income farmers 97
Economic guides 96
Economic problem of Great Plains 97
Aid to small farmers 77
Budget Bureau and Department allowances 69
Communications relating to research 119
Entomology research 86
Aphids:
Small grain 87
Spotted alfalfa 86
Boll weevil control 88
Insecticide residues 91
Pink boll worm research 78
Federal and State funds 74
Field crops research 79
Barley and flax research 69, 694, 702, 711, 823
Cotton production 80
Flax research 82
Pasture and rangeland production 79
Small grains 81
Tobacco research 80
Weed control 80
Wheat research in Canada 68
Home economics research 99, 146
Food consumption patterns, shifts in 100
Low-income farmers, assistance to 100
Nutritive value of livestock products 99
Horticultural crops research 82
Cantaloup research 85
Chestnut research 85
Coffee research 82
National seed storage facility 85, 482
Nematodes and soil-borne diseases 85
Peaches, research on processing 117
Timber bamboo 85
Livestock research 98, 142
Diseases and parasites 98
Nutrition 98
Long-range research program 76, 680, 760
Publication of research results 148
Soil and water conservation research 91, 144, 632, 645, 685, 721
Hydrologic research 92
Irrigation research 94
National Association of Soil Conservation Districts, recommendations of 92
Sedimentation 94
Utilization research 62, 100
Cotton and wool 101
Grains and forage 101
New crops 104
Poultry and livestock 104
Tobacco and sugar 104
Squaw-Butte Experiment Stations, transfer of 113
Barley:
Communications relating to 121
Importation of 81
Research 69
Beekeeping:
Communications relating to 120
Commodity Credit Corporation 466
Borrowing authority 534
Capital impairment, restoration of 467, 570
Foreign currencies, sales of surplus agricultural commodities for 470
Reimbursements for advances for animal disease eradication activities 157
Surplus commodities, donations of 467

TABLES AND CHARTS

Page

Acreage planted to basic crops and corn production 555
Agricultural Marketing Service:
  Foreign donation program 432
  School lunch program:
    Commodity assistance to schools, specific 441
    Federal and State contributions 440
    Federal appropriation and total school enrollment 829
    Federal reimbursement for type A lunch, average rate of 769
    Source of funds, matching requirements, and participation 780
    West Virginia school lunch program 448
  Surplus commodities, distribution to States 436
Agricultural Research Service:
  Agricultural experiment stations, 1955, expenditures of 138
  Barley production regions of the United States 701
  Brucellosis eradication, fiscal year 1956, as of November 30, 1955 56
  Consumption of food per capita (approximate), 1909–54 72
  Contingency fund, for control of emergency outbreaks of insects and plant diseases, fiscal years 1951 through 1956 (to December 31, 1955), releases from 45
  Cotton roots following check plot, distribution of 638
  Cotton roots following Victor grain oats, distribution of 637
  Cover crop and tillage management on water intake, effect of 640
  Detailed analysis of obligations 59
  Farmland diverted to highways and urban development 74
  Foot-and-mouth and other contagious diseases of animals and poultry, source of funds for financing program, fiscal years 1947–54 160
  Insects and plant diseases, probable requirements for emergency outbreaks of 46
  Inspection service—workload at United States ports of entry 48
  Laboratory facilities at Beltsville, Md.:
    Small-animal laboratory 608, 612
    Large-animal laboratory 611, 612
    Outside view 614
  Meat inspection—comparison of manpower and workload 51
  Meat inspection—personnel and workload 52
  Medio bluestem roots in soil profile, distribution of 634
  National Arboretum development program 54
  Research, appropriated funds, fiscal years 1948–57, estimated obligations for 77
  Research, Federal-grant appropriations to States, Hawaii, Alaska, and Puerto Rico for 497
  Rhodes grassroots in soil profile, distribution of 638
  Roots in Victor grain oats, distribution of 636
  Soil moisture used from soil profile 639
  State agricultural experiment stations projects in major subject-matter areas, use of Federal-grant fund increase, fiscal years 1955 and 1956 ..... 139, 140, 495
  Tractor traffic on water intake, effect of 641, 642
Appropriations and estimates:
  Appropriations and average positions—budget estimates, 1957, including budget amendment contained in House Document 326 for additional research and extension, compared with appropriations and REA and FHA loan authorizations, 1956 3
Brucellosis eradication, fiscal year 1956, as of November 30, 1955 56
Cattle and dairy products, farm output and production 526

	Page
Commodity Credit Corporation:	
Funds obligated	534
Analysis of program results	537
Realized costs and other programs primarily for stabilization of farm prices and income, distributed by commodities	541
Disposal of price-support commodities	543
Commodities, carryover of major farm	535
CCC competitive-bid prices for total quantity sold on a competitive-bid basis, January 3 through February 28, 1956, and weekly Liverpool prices	476
Corn and hogs, farm output and production	527
Corn production, 1926–55, and acreage planted to basic crops	555
Cotton, CCC competitive-bid prices for total quantity sold on a competitive-bid basis, January 3 through February 28, 1956, and weekly Liverpool prices	476
Extension Service:	
Allocation of Federal funds to States and Territories on the basis of rural and farm population	168
Cooperative extension work in States, Alaska, Hawaii, and Puerto Rico for the fiscal year ending June 30, 1956, sources of funds allocated for	171
Direct payments to and contracts with States, Hawaii, Alaska, and Puerto Rico, indicating those requiring offset by States and Territories, those not requiring offset, and basis of distribution as estimated for 1957	173
Field agents employed June 30, 1952, 1953, 1954, and 1955	173
Exports, United States agricultural	544
Farm Credit Administration:	
Corporate administrative expense limitations—title IV	7
Summary of authorizations, 1956, and estimates, 1957	588
Farm foreclosures	532
Farm output:	
Compared with production of cattle and dairy products	526
Compared with production of corn and hogs	527
Compared with production of wheat and cotton	527
United States from 1910 through 1955	522
Farmers' Home Administration:	
Disaster loans, etc., revolving fund:	
Statement of funds available and use, 1949–57	330
Cumulative activity under the various loan authorizations to June 30, 1955	328
Loans made under Public Law 38	332, 334
Statement of funds	330
Great Plains program, increases in 1957 budget	340
Farmers' prices	528
Federal Crop Insurance Corporation:	
Agents' commissions, estimated cost of	371
Cancellation rate, 1954	371
Contract sales and servicing	371
Sales summary by commodity:	
Crop year 1956	369
Crop year 1957	369
Underwriting and actuarial analysis	369
Food per capita, approximate consumption of, 1909–54	72
Foreclosures, farm	532
Foreign currency under title I, Public Law 480, planned use of through March 31, 1956	215, 547
Foreign donation program	432–434
General Counsel, Office of the:	
Foreign currency under title I, Public Law 480, planned use of through March 31, 1956	215
Income:	
Net from farming	518
Farm and nonfarm, per person	530

Page
Laboratory facilities at Beltsville, Md.:
Small animal laboratory 608, 612
Large animal laboratory 611, 612
Outside view 614
Land utilization in the United States of America 124
National Arboretum development program 54
Nurseries formerly operated by Soil Conservation Service, status and use of 731
Price supports, 1955 and 1956 511
Prices, farmers' 528
Research, estimated obligations for, fiscal years 1948–57 77
Rural development program—budget estimates and appropriations, fiscal year 1956, and budget estimates, fiscal year 1957 182
Rural Electrification Administration:
Electrification loans:
Planned applications compared with actual application for loans 788
Loans approved and advanced 789
Administrative funds appropriated and obligated by program 811
Man-years of REA administrative manpower employed 811
Consumer service connections and idle services of REA borrowers by States 818
Electric consumers and miles of line energized by REA borrowers 819, 820
Electric consumers in the United States, total ultimate 805
Electric loans approved and advanced, 1936–55 790
Electric power generated in the United States 801
Electric power generating capacity in the United States 802
Electric utility plant in the United States, value of 806
Power requirements and supply, Missouri Basin, REA borrowers 307
Utility operating revenue in the United States 807
Soil and water, effect on different crops 634, 642
Soil Conservation Service:
Flood prevention allocations, analysis of 716
Watershed applications authorized for planning assistance under Public Law 566, status of completed work plans 253
Watersheds, 11 authorized under Flood Control Act of 1944, works of improvement 238, 239
Water conservation and utilization projects, anticipated reimbursements 257
Watersheds, pilot, estimated total cost and progress statement 251
Watersheds, Public Law 566, status of completed work plans 253
Storage facilities for corn, cost of 565
Wheat and cotton, farm output and production 527
